At Kember Store Metals Limited we specialize in manufacturing high quality hardware and custom metal work.

We manufacture two slotted standards, a light duty and a heavy duty, both have a place in merchandising.

KSM9000 system is ideal in many locations where strength is not paramount, such as displays for shoes, greeting cards and light clothing. The basic wall standard is 3/4" wide. We also make narrow single slotted as well as double slotted and recessed standards.

KSM5000 heavy duty 5/8" slot system is designed to meet all your merchandising needs. The heart of the system is the wall standards; manufactured from 14 gauge cold rolled steel with 5/8" x 1/8" slots on 1" centres. It is strong enough for areas selling hardware and heavy coats, but it's slim profile makes it suitable for merchandise requiring a lighter look. Because of the systems versatility, it is practical and economical to use throughout the store, both in sales and storage areas.

For speciality areas where strength is not of primary importance, we have a narrow standard only 3/8" wide. Another variation is our recessed standard which when installed has an extremely neat appearance. Double slotted standards are available for those who prefer them.

To compliment these strong standards, we have brackets, hangrods, hangrails, waterfalls etc., which we can supply in a finish to your specification (plated or paint).

Kember Store Metals with its complete in-house design department is also able to assist you in any design aspect for your store.

# SPECIFICATIONS

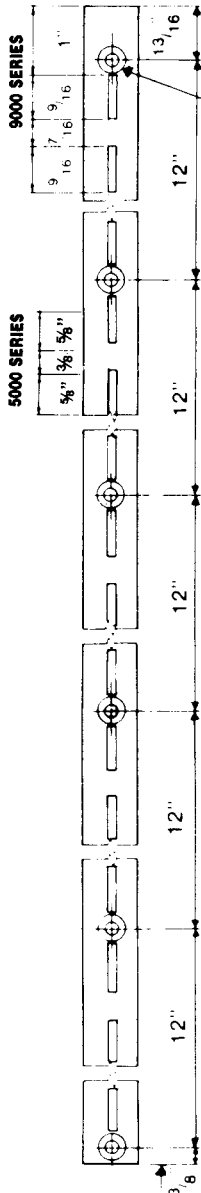

## KSM 5000 HEAVY DUTY 5/8" SLOT SYSTEM

is designed to meet all heavy merchandising needs. The heart of the system is the wall standard, manufactured from 14 gauge cold rolled steel with 5/8" x 1/8" slots on 1" centers. It is strong enough for areas selling hardware and heavy coats, but it's slim profile makes it suitable for merchandising requiring a lighter look. Because of the systems versatility, it is practical and economical to use throughout the store, both in sales and storage areas.

## KSM 9000 LIGHT DUTY 9/16" SLOT SYSTEM

is designed to meet all light merchandising needs. The standard is manufactured of 16 gauge cold rolled steel with 9/16" x slots on 1" centres. Ideal for areas where strength is not required such as shoes, greeting cards and light clothing.

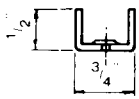

location of slots and fixing holes common to all standards, furring strips & wall studs

all surface mounted standards except # 9100 countersunk for # 10 woodscrews

# KEMBER STORE METALS LIMITED

## CONDITIONS OF SALE

- TERMS:** Established accounts strictly thirty (30) days. All other orders C.O.D.  
Minimum order \$50.00.
- PRICES:** Are subject to change or withdrawal without notice. Prices on date of shipment will apply, unless previously quoted.  
Custom matched colours and/or finishes will be subject to surcharge on small orders.
- TAXES:** All taxes are extra where applicable.
- SHIPPING:** All purchases are F.O.B. our plant, unless otherwise specified.  
Estimated shipping dates given by the company are an approximation only, while the company makes every effort to meet estimated shipping dates, the company declines any and all liability for delays due to strikes, fire damages, delays in shipment by the company's own suppliers, or any other circumstances beyond the control of the company.
- SHIPPING INSTRUCTIONS:** Should be specified on each individual order. The company does not assume responsibility for shipping costs of any kind whatsoever.
- SHORTAGE CLAIMS:** Please check all goods received promptly on arrival. No shortage claim will be accepted by the company unless made within 24 hours of receipt of the goods.
- RETURN & EXCHANGES:** No merchandise may be returned for credit or exchange without the company's written permission. A minimum restocking charge of \$25.00 or 15% of the net value of the returned merchandise, whichever is greater, shall apply. Returned freight must be prepaid.
- MADE TO ORDER GOODS:** Goods made to a customer's own specifications are not returnable nor subject to cancellation under any circumstances. All orders, contracts, or other agreements are subject to acceptance by head office and to company terms of sale. Any errors are subject to correction.
